

Hello everyone,

on behalf of the student council, we would like to extend a warm welcome to you in the Master of Biochemistry program at Goethe University Frankfurt. To help you connect with your peers and get to know Frankfurt better, we invite you to our orientation days.

The Biochemistry student council has its own website, where you'll find valuable information about your first semester and your entire course of study. We will also post updates regarding the orientation days on this site. You can visit <https://www.fachschaft-biochemie.de/> or scan the QR-code on the right.

Additionally, we will be sharing all the current information in the WhatsApp group created for your semester. This group will serve as your platform for communication throughout your Master's program. You can join the group by scanning the QR code on the right.

It is required to sign up for the different activities. In order to do that, send the filled out form (next pages) by Tuesday, 22.09.2026 via mail to erstsemestertage@fachschaft-biochemie.de. Please send us the form even if you don't wish to attend so we can contact you.

We will kick off the orientation on Tuesday, October 6, 2026, at 1 p.m. with a city rally. You will be divided into groups, and each group will receive information about meeting points via WhatsApp. During the rally, you'll explore the city with your fellow students and complete tasks at various stations. So, make sure to eat well beforehand and don't forget your student ID, as it allows you to travel on public transportation if it has been validated.

On Wednesday afternoon (October 7th), we will host a board game night where you will have a chance to better get to know the other semesters as well as your peers. You are welcome to join and enjoy the evening with us with pizza and cool board games.

On Friday, October 9th, we invite you to a barbecue on the student council terrace. Drinks, salads, and music will be provided. Please bring your own food for grilling; we will supply the grill—it's up to you to create a great atmosphere! The orientation days offer an excellent opportunity to familiarize yourself with the city and your cohort before the semester officially starts on Monday, October 12, 2026.

Looking forward to seeing you all there!

If you got any questions, feel free to contact us.

Nicolas Popp
Anna Dinkelaker
Angelina Schaum

Those are also the emergency numbers if you get lost during the city rally.

We're looking forward to getting to know you!

XOXO „Fachschaft“ Biochemistry :)

REGISTRATION FORM

This form must be sent to erstsemestertage@fachschaft-biochemie.de by 22.09.2026 at 23:59 pm. If you have already registered, you do not have to fill out this form again

I hereby register for the following event(s) (please tick the box):

- ☐ city rally, **06.10.26**, at 1 pm
